# Acquisition of Office Asset (Ichigo Nakameguro Building)

Consistent with its strategy as a specialized office REIT, Ichigo Office decided today to acquire an office asset, the Ichigo Nakameguro Building.

## 1. Asset Acquisition Summary

Asset Number Asset Name <sup>1</sup>	O-95 Ichigo Nakameguro Building
Asset Type	Office
Date Built	January 17, 1992
Form of Ownership	Trust beneficiary interest in real estate (juekiken)
Appraisal Value <sup>2</sup>	JPY 1,670 million
Acquisition Price <sup>3</sup>	JPY 1,495 million
Seller	Domestic GK
Contract Date	January 29, 2020
Closing Date	April 14, 2020
Financing Method <sup>4</sup>	Cash-on-hand
Settlement Method	Lump-sum payment

<sup>&</sup>lt;sup>1</sup> Ichigo Office will change the building name from the Nakameguro Aobadai Building to the Ichigo Nakameguro Building. For purposes of this release, the building is referred to as the Ichigo Nakameguro Building.

<sup>&</sup>lt;sup>2</sup> Appraisal Value is calculated by Tanizawa Sogo Appraisal as of December 31, 2019, and is in compliance with the appraisal guidelines of Ichigo Investment Advisors ("IIA") as well as the rules of the Investment Trusts Association of Japan.

<sup>&</sup>lt;sup>3</sup> Acquisition Price excludes incidental expenses such as fees and property, city planning, and consumption taxes.

<sup>&</sup>lt;sup>4</sup> The seller, a domestic company (GK), did not provide consent to disclose its name.

#### 2. Transaction Rationale

As a specialized office REIT with stable earnings and a diverse portfolio, Ichigo Office continues to execute on its strategy to grow shareholder value by focusing its portfolio on high-quality, mid-size office assets.

The Ichigo Nakameguro Building is located in Nakameguro, a neighborhood adjacent to both Shibuya and Ebisu, two real estate markets with strong office tenant demand. Ichigo Office expects earnings growth through value-add capex after the acquisition.

With this asset acquisition, Ichigo Office's post-transaction portfolio will be 81 office assets, or 95.6% of the total portfolio. Ichigo Office expects to continue to grow its specialized, mid-size office portfolio to drive further earnings growth.

The Ichigo Nakameguro Building's tenants fully comply with the "Financial Report (*Yuka Shoken Hokokusho*)" (Japanese only) submitted on January 28, 2020.

Please refer to Section 3 "Details of the Ichigo Nakameguro Building" immediately below for additional details on the asset's features and characteristics that underpinned the acquisition decision.

### 3. Details of the Ichigo Nakameguro Building

### (1) Location

The Ichigo Nakameguro Building is located in Nakameguro, an area near Shibuya, one of Tokyo's commercial centers. The building is an eight-minute walk from Nakameguro Station on the Tokyu Toyoko Line and Tokyo Metro Hibiya Line, offering convenient access to two railway lines and Yamate-Dori, a main avenue running through the area.

Despite Nakameguro's convenient location, rents are affordable compared to those in Shibuya and Ebisu. As a result, demand for office openings and floor space expansions has been robust in recent years, and generating the opportunity for strong rental growth going forward.

#### (2) Features

Each floor has a standard floor plate of 30 tsubo (99m²) and ceiling height of 2.5 meters, and is equipped with individual air conditioning systems and raised-access floors, catering to the demands of diverse tenants.

Tenants include a retail store on the ground floor and information-technology and apparel companies on upper floors.

# **Special Items**

- 1. An engineering report indicates the following issues with the building. The seller has agreed to rectify them at the seller's expense by the Acquisition Date.
  - a. There is no obvious escape route from the building's balcony. Access to a nearby fire escape ladder on the second-floor rooftop is blocked by air-conditioning equipment.
  - b. The ground floor tenant does not have permits for two outdoor signboards.
  - c. One of those signboards is not properly anchored to the building, causing a possible safety risk.
  - d. A door to the outdoor emergency stairway on the north side of the building swings out into a public road.
  - e. A fire shutter in the ground-floor entrance hall that leads to an outdoor stairway is defective and stuck open.
  - f. There is insufficient emergency lighting in a stairway to the basement.
  - g. An air-conditioning pipe through a ventilation hole on the west side of the building prevents the fire damper from closing.
  - h. In its regular fire safety inspection, the fire department cited a problem with obstructive objects.
- 2. Part of the land was acquired on January 30, 2004 by the Tokyo Metropolitan Government in line with its plan to expand the width of the road running along the southwest side of the building. The resulting reduction in land area has a created a code violation in which the building's total floor space exceeds that permitted under current building codes.
- 3. There are also plans to widen the road adjacent to the southeast side of the building (designated Route 50 in the urban planning blueprint of April 25, 1946). If the road is expanded, the property's southeast border will be pushed back 2.4m.
- 4. Pursuant to Article 42, paragraph 2 of the Building Standards Act, 20.84m<sup>2</sup> of land on the northeast side of the property is used as a public road.
- 5. A concrete platform sticks out into the road on the southwest side. There is no agreement to rectify the situation.
- 6. A lease termination notification was received from one of the tenants (leased area: 100.86m<sup>2</sup>) on December 6, 2019, effective May 15, 2020. Occupancy is expected to be 90.3% after the termination.

<sup>&</sup>lt;sup>1</sup> Names of the architect, builder, structural designer, and inspection agency are those as of the building's construction date.

# 7. Acquisition Schedule

Ichigo Office Board Resolution Date	January 29, 2020
Contract Date	January 29, 2020
Closing Date	April 14, 2020 (expected)

#### 8. Forward Commitment

Because the Transaction Date is April 14, 2020, the acquisition of the Ichigo Nakameguro Building (the "Acquisition") constitutes a "forward commitment" by Ichigo Office as stipulated in the "Comprehensive Guidelines for Supervision of Financial Instruments Business Operators" by the Financial Services Agency<sup>1</sup>.

In the event of a violation of the provisions of the Acquisition by Ichigo Office or the seller, the other party shall have the right to terminate the Acquisition and claim up to 5% of the purchase price as a penalty.

Because Ichigo Office is the buyer, and will finance the transaction with cash on hand, which suggests that there is a limited financing risk, it is highly unlikely that Ichigo Office will incur the penalty or suffer a negative material impact on its financial position.

<sup>1</sup> Refers to a post-dated purchase and sales agreement under which payment and property delivery shall be made at least one month after the conclusion of the agreement, or any other agreement similar thereto.

### 9. Earnings Outlook

The impact of this acquisition on Ichigo Office's April 2020 and October 2020 fiscal period earnings announced on December 13, 2019 is minimal, and therefore the forecast is unchanged. The acquisition is consistent with Ichigo Office's strategy to grow its specialized, mid-size office portfolio to drive further earnings growth.
