2. Sale Rationale

Ichigo Office continues to work to improve the quality of its portfolio and drive earnings by focusing its portfolio on high-quality, mid-size office assets that generate stable cash flow.

Of the assets scheduled to be sold, Future IZUMI is a sports facility with a fitness gym and pool located inside a retail building. After a tenant departure in September 2021, Ichigo Office's asset management company, Ichigo Investment Advisors ("IIA"), successfully leased up the facility to a swimming school operator in January 2022 and a fitness gym operator in June 2022. However, Ichigo Office received a lease termination notice from the fitness gym operator for a scheduled departure by April-end 2025 following the decline of the facility's appraisal value to less than book value due to revenue not recovering to pre-Covid levels.

The Ichigo Tameike Building is an office building located in a convenient area within a one-minute walk to Tokyo Metro Tameike Sanno Station and a five-minute walk from Tokyo Metro Akasaka Station, and the Ichigo Kudan 3 Chome Building is an office building located on a corner lot within a seven-minute walk from JR Ichigaya Station. Although the office section on the B1 floor of the Ichigo Kudan 3 Chome Building has been vacant over the long-term, occupancy at the Ichigo Tameike Building has been 100%.

IIA conducted sales activities for the Future IZUMI after determining that leasing and revenue recovery will take time, and received an offer from the buyer to buy the asset along with the Ichigo Tameike Building and the Ichigo Kudan 3 Chome Building on the condition that the Sale Price of each asset will not be disclosed. Although the Sale Price of Future IZUMI is less than its Appraisal Value, IIA decided to sell the three assets to the buyer after conducting a comprehensive assessment of the impact on its portfolio if IIA continued to own the Future IZUMI and sold the Ichigo Tameike Building and Ichigo Kudan 3 Chome Building. With this asset sale, Ichigo Office's post-transaction portfolio will be 98.3% office assets.

Ichigo Office will use the proceeds from this asset sale for strategic investments such as asset acquisitions and value-add capex.
