**Acquisition of Office Asset (Ichigo Funabashi Building)**

Ichigo Office decided today to acquire an office asset, the Ichigo Funabashi Building.

Because the seller is a related party as defined in the Investment Trust and Investment Corporation Law (1951 Law No. 198, including revisions), Ichigo Office carefully reviewed and approved this acquisition at today’s Board of Directors meeting.

<sup>3</sup> Please refer to Section 4 “Seller Profile” below for details.

<sup>4</sup> Please refer to today's release "New Loans" for details.

## 2. Acquisition Rationale

Ichigo Office has a target of consistently generating total returns to shareholders of greater than 8% per annum, and believes that acquiring high-quality mid-size office assets with earnings upside and the ability to increase asset values via value-add capex is essential to achieve this target.

The Ichigo Funabashi Building is a mid-size office building located in Funabashi City, which ranks second in Chiba Prefecture for total employees and offices, trailing Chiba City. As a key transportation hub connecting central Tokyo and Chiba's primary cities, Funabashi has developed a distinct office market. Following Ichigo Estate's acquisition of the asset in 2023 (Ichigo Estate is a subsidiary of Ichigo Office's sponsor), the common areas of certain floors were renovated, driving rent and occupancy at re-tenanting. Ichigo Office believes there is further potential to drive the profitability of the asset.

Reflecting the rent increases agreed to with tenants as of today, NOI for the fourth year after acquisition is c. JPY 158 million p.a., and the NOI yield vs. the acquisition cost is expected to be c 4.4%. Ichigo Office has determined that this acquisition can generate a level of return commensurate with its cost of capital with only the rent increases incorporated.

Ichigo Office's sponsor Ichigo is strengthening its commitment to support the further growth of its listed REITs and solar power producer and drive shareholder value. The asset will be acquired from Ichigo's subsidiary, Ichigo Estate.

As a result of the asset acquisition, Ichigo Office's portfolio will consist of 87 office assets, comprising 98.3% of the portfolio. Post-acquisition, Ichigo Office will draw upon its operational capabilities to carry out value-add activities at the newly acquired office assets to drive higher NAV per share, tenant satisfaction, and earnings growth.

For details on the past common area renovations and rent increases, please refer to today's release "Supplementary Material."

### 3. Acquisition Details

#### (1) Location

Funabashi City ranks second in Chiba Prefecture for both total employees and office count, trailing Chiba City (as of 2024, source: Statistics Bureau's Economic Census for Business Activity). Due to its strategic position midway between Tokyo and Chiba City, Funabashi serves as a vital hub with an independent office market. Driven by robust office demand, recent rent and occupancy in the city has exceeded the area surrounding Chiba Station.

Multiple train lines pass Funabashi Station, including the JR Sobu Line (Rapid), which directly connects to Tokyo Station, allowing for convenient access to central Tokyo.

The area near Funabashi Station is an urban area with commercial, residential, and office functions. Offices within walking distance of the station have maintained high occupancy, indicating stable office demand in the area.

#### (2) Building Features

The Ichigo Funabashi Building is a mid-size office building located within a nine-minute walk from Funabashi Station on the JR Sobu Line (Rapid) and a six-minute walk from Keisei Funabashi Station on the Keisei Line.

The standard floor ceiling height is 2.5 meters, the standard floor plate is 164 tsubo (541m<sup>2</sup>), and the building has OA sub-floors, individual air conditioning units, and 30 parking spaces, therefore catering to the needs of the average tenant in the Funabashi area.

The building is currently occupied by a residential and construction related company, accounting firm, legal firm, transportation infrastructure company, as well as insurance and food-related companies.
