### Explanation of Changes

New tenants at the Ichigo Shin Yokohama Building, Ichigo Meieki Building, and Ichigo Sendai East Building resulted in improved occupancy for Office, Tokyo Metropolitan Area, Four Major Regional Cities, and Other Regional Cities.

Lease terminations at the Ichigo Ebisu Nishi Building and Ichigo Kudan Building and a temporary decline in occupancy due to a master lease company change at Ichigo Serviced Apartments Takanawadai decreased occupancy for Other and Central Tokyo.

Ichigo Office REIT sold one asset, the Akita Sanno 21 Building, on January 29, 2016. For details, please refer to the January 28, 2016 release “Sale of Portfolio Asset (Akita Sanno 21 Building).”

### Leasing and Value Enhancement Activities

Ichigo Office REIT carried out value-add renovations on a vacant floor at the Ichigo Shinkawa Building in December. Having completed the renovation, Ichigo Office REIT marketed the refurbished floor and was successful in leasing it up within a month. A new tenant was acquired at a +12% increase compared to market rents.

Ichigo Office REIT will continue its strategic value-add renovations and leasing activity to drive organic growth and sustainable dividend growth.
