Value-Add Actions

Ichigo Office REIT continues to strengthen its direct interactions and communication with Ichigo tenants and is actively introducing office space in its portfolio assets to tenants who may have office relocation needs.

As one example of this activity, upon discovering recently that a tenant at Ichigo Hatchobori Building in Tokyo's Chuo Ward was interested in moving to Minato Ward, Ichigo Office REIT moved quickly to introduce a 236-square meter, soon-to-be-vacated office space at Axior Mita, an Ichigo Office REIT asset in Minato Ward. The successful lease-up resulted in a shorter vacancy period and 10.3% rent increase at Axior Mita. Ichigo Office REIT is now working on leasing up the vacant space at Ichigo Hatchobori Building.

Taking full advantage of its broad and diversified mid-size office portfolio, Ichigo Office REIT will continue to work to increase occupancy and drive higher earnings for shareholders.
