Explanation of Changes

Although partial lease terminations at Ichigo Sendai East Building caused occupancy to decrease for Other Regional Cities, new tenants at Ichigo Hiroo Building, Ichigo Nishi Gotanda Building, Ichigo Fushimi Building, and Ichigo Hakata Building resulted in an increase in occupancy for Office, Central Tokyo, Tokyo Metropolitan Area, Four Major Regional Cities, and the Total portfolio.

Occupancy for Other also increased due to the sale of four non-office assets (Ichigo Serviced Apartments Takanawadai, B-SITE Hamamatsucho, Ichigo Serviced Apartments Ginza, and Ichigo Pagoda Asakusa) on April 26, 2017.

The sale of the non-office assets is part of a strategic portfolio restructuring in which Ichigo Office REIT is acquiring three offices in central Tokyo on May 10, 2017. (For details, please see the April 26, 2017 release “Acquisition of Three Office Assets and Sale of Four Non-Office Assets.”)

Value-Add Actions

Ichigo Office REIT is promoting the Ichigo Office brand as one element of its value-add enhancements to its buildings, and recently installed Ichigo signage at the Ichigo Ikenohata Building (acquired May 2016). This is part of a planned series of value-add work, including refurbishing and improving the building’s restrooms and elevator halls.

Ichigo Office REIT will continue to promote the awareness and recognition of its buildings through effectively leveraging Ichigo branding.
