Portfolio Asset Seismic Safety

Acquisition Guidelines

- ✓ Seismic Safety: Compliant with new seismic standard
- ✓ Seismic PML¹: Stand-alone PML of 20% or less, with a non-exceedance probability of 90% for the Entire Portfolio

Portfolio Assets Seismic Safety Profile (as of May 10, 2017)

Assets Built under Old Seismic Standard, but Seismic Renovation Completed (6 assets)

Ichigo Burg Omori Building, Ichigo Fiesta Shibuya Building, Ichigo Sakae Building, Ichigo Mita Building, Ichigo Gotanda Building, and Ichigo Higashi Ikebukuro Building

Assets Built under Old Seismic Standard, but Original Construction Met New Earthquake Resistance Standard (3 assets)²

Ichigo Ginza 612 Building, Ichigo Ofuna Building, and Ichigo Nagoya Building

¹ PML (Probable Maximum Loss) is the maximum expected loss from a large-scale earthquake (defined as an earthquake with an expected frequency of occurrence once every 475 years, or a 10% chance of occurrence within the next 50 years) occurring in the next 50 years, expressed as a ratio to the estimated replacement cost.

² Assets evaluated as having seismic strength equivalent to new earthquake resistance standards and for which a third-party seismic evaluation report has been obtained.

Sustainability Initiatives

Environmental Sustainability Policy

To protect the earth that we all share, Ichigo Office REIT believes that working on behalf of the environment and society is its fundamental social responsibility and will support its sustainable growth. Ichigo Office REIT has thus made Environmental Sustainability a key priority, and has established the following Environmental Sustainability Policy to actively work to reduce Ichigo's environmental impact and support environmentally-positive outcomes.

1. Harmony with the Environment

Ichigo will actively monitor and minimize the environmental impact of its real estate operations.

2. Energy Conservation, CO2 Emissions Reduction, and Recycling

Ichigo will seek a low-carbon, low-waste society by working to reduce its energy consumption, extend the useful life of its assets, actively recycle, and reduce waste and water consumption.

3. Regulatory and Environmental Compliance

Ichigo will comply with all environmental laws and regulations and all of Ichigo's own independently-established environmental rules. Ichigo will also carefully monitor and comply with all applicable changes in laws and regulations.

4. Training and Awareness

Ichigo will hold training programs to promote understanding of this Environmental Sustainability Policy and increase environmental sustainability awareness among all Ichigo employees and staff. Ichigo will also promote environmental sustainability in coordination with Ichigo stakeholders, seeking understanding and cooperation on environmental sustainability from Ichigo partner companies and tenants.

5. Environmental Performance Communication and Disclosure

Ichigo will work to communicate this Environmental Sustainability Policy and Ichigo's environmental sustainability initiatives to its shareholders and to society at large. Ichigo will also seek to obtain sustainability certifications on an ongoing basis.

6. Green Procurement

Ichigo will implement green procurement measures, such as environmentally-sensitive building materials and sustainable design, in Ichigo's building renovations, as well as selecting partner companies based on their environmental sustainability initiatives.

GRESB Participation

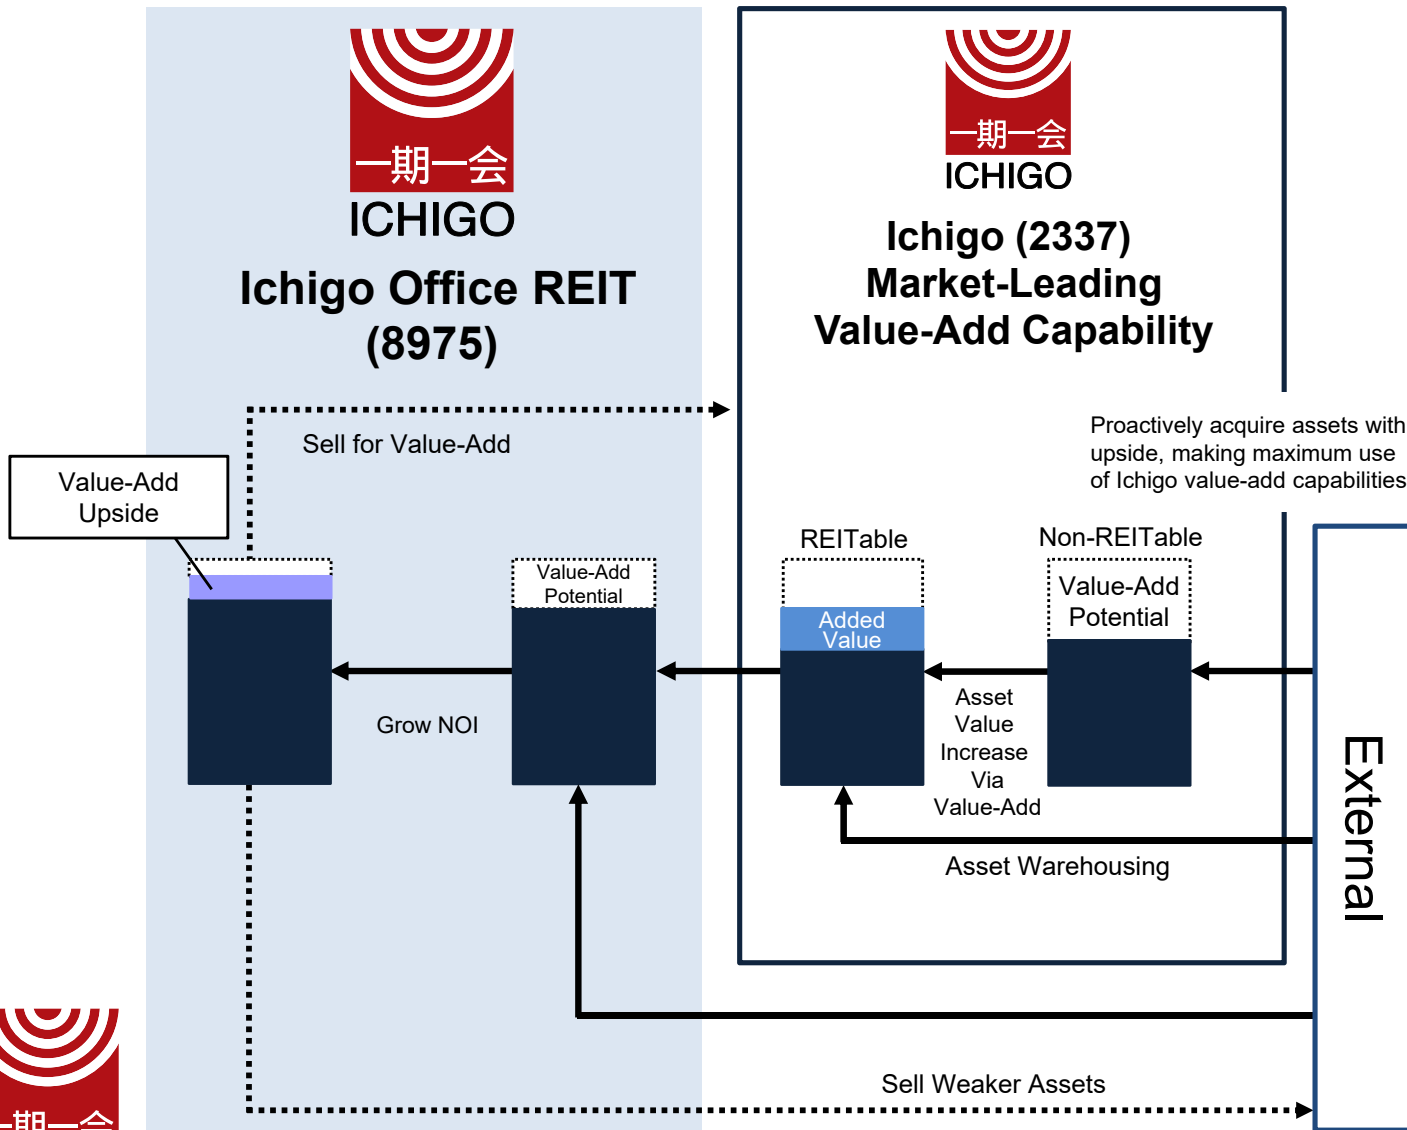

GRESB is a global organization comprised of institutional investors, particularly pension funds, and is designed to assess the sustainability performance of real estate portfolios – a standard used for making investment decisions. Ichigo Office REIT has been participating in the GRESB real estate assessment since 2016.

Ichigo Group Synergies and Value-Add

Focus on Assets with Value-Add Potential to Increase Competitiveness in Acquisition and Create Valuation Upside

Acquire from Sponsor

- Stable sourcing backed by Ichigo value-add capabilities; Ichigo less sensitive to market environment
- Ichigo Office REIT controls timing
- No competitive bid
- Ichigo (2337) assets fully available to Ichigo Office REIT for acquisition pipeline

Acquire from External Seller

- Restrictions in asset acquisition timing
- Competitive bids raise prices
- Multiple sourcing routes, however, allow sourcing diversity

Grow Earnings via Accretive Acquisitions and Organic NOI Growth

Mid-Size Office Market Investment Attractiveness (1)

Abundant Pool of REITable Assets

- ✓ 90%+ of Japanese real estate = mid-size
- ✓ High liquidity

Broad and Deep Tenant Base

- ✓ 96% of all corporates have 50 employees or less
- ✓ Wide diversity of industries

Largely Untapped by Professional AM

- ✓ High ownership by individuals and “passive owner” corporations results in inadequate building maintenance
- ✓ Poor seismic reinforcement and low functionality results in low tenant satisfaction
- ✓ Lack of organized specifications of buildings and management

Considerable Value-Add Potential

■ Ichigo Structure

The word “Ichigo” comes from the ancient Japanese proverb, Ichigo Ichie, literally meaning “One lifetime, one encounter.” The phrase was first used by a 16th century master of the tea ceremony, Sen no Rikyu. He called upon his disciples to give total focus and sincerity to each act of the tea ceremony for every guest, because that particular moment will only exist once and must be fully lived and realized.

Ichigo embraces the Ichigo Ichie philosophy of sincerity and service, and works to build strong long-term relationships to support the success of our clients, shareholders, and all stakeholders.
