New Loan and Interest Rate Swap

Ichigo Office decided today to borrow funds via a new loan (“Term Loan XII”) and to enter into an interest rate swap to lock-in the interest rate on this new loan.

1. Reason for New Loan and Interest Rate Swap

The new loan, together with cash-on-hand (JPY 3 million), will be used to repay existing floating interest rate loans (JPY 2.949 billion). Ichigo Office is fixing the interest rate on the new loan via a swap in order to hedge against any future rise in interest rates. The new loan’s term is six and a half years, significantly longer than the existing loans, further strengthening Ichigo Office’s finances. For details of the loans being repaid, please refer to “3. Existing Loans Being Repaid” below.
