## New Loan and Interest Rate Swap

Ichigo Office decided today to borrow funds via a new loan（＂Term Loan XV＂）and enter into an interest rate swap to lock－in the interest rate on the loan．

## 1．Reason for New Loan and Interest Rate Swap

The new loan will be used to repay part of an existing loan of JPY 3.867 billion．Details of the loan being repaid are in Section 3 below．The remainder of that existing loan will be repaid from the bond issuance announced on November 22， 2018.

The term of the new loan is 7.8 years，longer than the loan being repaid，further strengthening Ichigo Office＇s finances．Ichigo Office is fixing the interest rate on the new loan via a swap in order to hedge against any future rise in interest rates．
