### Explanation of Changes

Occupancy decreased for Office, Central Tokyo, Tokyo Metropolitan Area, and Other Regional Cities due to departing tenants at the Ichigo Shibakoen Building, Ichigo Nakano North Building, and Ichigo Sendai East Building, but increased for Four Major Regional Cities due to new tenants at the Ichigo Fushimi Building.

### Value-Add Actions

Ichigo Office conducts regular tenant satisfaction surveys with all tenants to seek their input on improving building quality, functionality, and services.

In the most recent survey in August, the overwhelming majority of tenants said they were satisfied with Ichigo Office's building quality and functionality and intend to continue as tenants. Ichigo Office will use the feedback from those tenants requesting specific improvements in plumbing, HVAC, and elevators in its renovation and capex planning.

Ichigo Office will continue to carry out value-add capex tailored to tenant needs to increase tenant satisfaction and drive higher earnings for shareholders.
