Notes:

1. The above figures are month-end and have not been audited.
2. Leasable Area is the total area of properties available for leasing. It is subject to minor adjustments due to renovations or variations in rental contract terms.
3. Central Tokyo refers to Chiyoda, Minato, Chuo, Shinjuku, Shibuya, and Shinagawa Wards. Tokyo Metropolitan Area refers to Tokyo (excluding the six wards above), Kanagawa, Chiba, and Saitama Prefectures. Four Major Regional Cities refers to Osaka, Nagoya, Fukuoka, and Sapporo.

## Explanation of Changes

Occupancy decreased for Other Regional Cities due to the reduction of floor space by a tenant in the Ichigo Takamatsu Building, but increased for Central Tokyo due to a new tenant moving into the Ichigo Shibuya East Building.

## Value-Add Actions

Ichigo Office has seen an increasing number of young companies moving into its buildings in Central Tokyo as they expand their businesses. To meet the needs of these growth-stage tenants, Ichigo Office offers services such as the Ichigo Layout Office, which provides flexible layouts to reduce move-in costs, shorten setup time, and accommodate continuing growth; the Ichigo Lounge, a high-quality shared work space; and Triple Zero, a leasing program that reduces costs for young companies.<sup>1</sup>

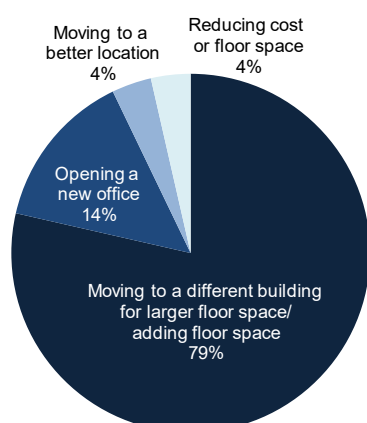

Ichigo Office will continue to carry out value-add capex tailored to tenant needs to increase tenant satisfaction and drive higher earnings for shareholders.

<sup>1</sup> Triple Zero: Zero deposit, zero guarantor fee, and zero restoration fee on departure. Offered in collaboration with Japan Corporate Property Guarantee, this program is available at Ichigo buildings in areas with particularly strong startup demand.

## % of Tenants that are Less than Five Years Old (Central Tokyo, 2015-18)

## Reasons New Tenants Give for Relocating

As seen above, 24% of Ichigo Office tenants in Central Tokyo established their companies less than five years ago. Most are startups entering a growth stage when they need the flexibility and space to expand.
