### Explanation of Changes

Occupancy decreased for Office and Central Tokyo due to departing tenants at the Ichigo Shibuya Dogenzaka Building, Ichigo Higashi Gotanda Building, and Ichigo Shibuya East Building. Ichigo Office will work towards a rapid lease-up of the spaces. Occupancy increased for Tokyo Metropolitan Area and Four Major Regional Cities due to new tenants at the Ichigo Kawasaki Building and Ichigo Nagoya Building.

### Value-Add Actions

Ichigo Office drives earnings via minimizing downtime between leases and re-tenanting at higher rents. A vacant floor of 149 tsubo (492 m<sup>2</sup>) in the Win Gotanda Building was successfully leased up with minimal downtime and at 57% higher rent on the back of strong interest from several potential tenants. The new tenant chose the Win Gotanda Building as a location for its call center given the building's convenient 3-minute walking distance from Gotanda Station on the JR Yamanote, Toei Subway Asakusa, and Tokyu Ikegami Lines, and its energy-efficient LED lighting.

Ichigo Office will continue to drive growth via rapid lease-ups of spaces and increasing NOI via re-tenanting at higher rents.
