**Ichigo Pulls Forward its RE100 Target from 2040 to 2025  
to Accelerate its Net Zero Carbon Initiatives**

Ichigo Office has made sustainability a key management priority and actively engages in ESG (Environmental, Social, and Governance) initiatives.

Ichigo Office’s sponsor is Ichigo (2337), a Japanese sustainable infrastructure company. Ichigo’s Clean Energy business makes productive use of idle land to produce renewable energy, and its Sustainable Real Estate business preserves and improves real estate, lengthening buildings’ useful lives beyond 100 years.

In line with this mission, Ichigo joined RE100, a global initiative to accelerate the transition of electricity used by businesses to 100% renewable energy.

Ichigo initially set a target of sourcing 100% renewable electricity by 2040, and is now accelerating that target by 15 years to 2025.

**New Ichigo RE100 Target:  
100% Renewable Electricity by 2025**

Ichigo Office will source 100% of its electricity needs via renewable energy across Ichigo Office-owned assets by April 2022 fiscal period-end (excluding 15 partially-owned assets), and Ichigo is committed to sourcing 100% renewable energy across all Ichigo, Ichigo Office, and Ichigo Hotel (3463) assets by 2025.

**RE100**

**CLIMATE  
GROUP**

In its Sustainable Real Estate business, Ichigo is working to end wasteful demolition in the Japanese real estate industry. While the average life of buildings in the US and Europe is c. 100 years, the prevailing model in Japan has been to tear buildings down within 30 years, generating significant waste and wasteful demand for raw materials and energy in the construction process.

Ichigo and Ichigo Office believe it is our social responsibility to pursue these initiatives

and protect the environment for future generations. Ichigo Office is working with Ichigo to realize a Net Zero Carbon society by sustainably repurposing and reusing real estate while minimizing our environmental impacts, contributing to local communities, and growing long-term shareholder value.

#### About RE100

[RE100](#) is a global initiative bringing together the world's most influential businesses committed to 100% renewable power. Led by the [Climate Group](#) in partnership with [CDP](#), the group have a total revenue of over USD 6.6 trillion and operate in a diverse range of sectors. Together, they send a powerful signal to policymakers and investors to accelerate the transition to a clean economy.
