Explanation of Changes

Although occupancy decreased for Office and Tokyo Metropolitan Area due to a departing tenant at the Ichigo Tachikawa Building, occupancy increased for Central Tokyo due to new tenants at the Ichigo Takadanobaba Building and Ichigo Shibuya Udagawacho Building.

Value-Add Actions

As part of its ongoing efforts to increase tenant satisfaction via value-add capex, Ichigo Office recently completed renovation of the entrance hall and restrooms at the Ichigo Tachikawa Building. Since acquiring this asset in December 2020, Ichigo has been focused on closing the rent gap of current tenants as well as driving higher rents at re-tenanting, and this renovation work is expected to contribute towards this end.

Ichigo Office will continue to work to increase tenant satisfaction and the competitiveness of its assets to drive higher earnings for shareholders.
