<sup>&</sup>lt;sup>1</sup> Ichigo Office will change the building name from the ISM Nagoya Marunouchi Building to the Ichigo Marunouchi South Building. For purposes of this release, the building is referred to as the Ichigo Marunouchi South Building.

<sup>&</sup>lt;sup>2</sup> Appraisal Value is calculated by Tanizawa Sogo Appraisal as of November 1, 2022, and is in compliance with the appraisal guidelines of Ichigo Investment Advisors ("IIA") as well as the rules of the Investment Trusts Association of Japan.

#### 2. Acquisition Rationale

As a specialized office REIT with stable earnings and a diversified portfolio, Ichigo Office continues to execute on its strategy to grow shareholder value by focusing its portfolio on high-quality, mid-size office assets.

The Ichigo Marunouchi South Building is located in the Nagoya Marunouchi area, a prominent business and financial district near several government buildings including the Aichi Prefectural Office and the Nagoya City Hall. The area is also home to the Bank of Japan's Nagoya Branch and numerous large companies, SMEs, and professional service providers such as law firms, accounting firms, and tax accountants. The area has recently been undergoing rapid redevelopment at a scale second to that occurring around the Nagoya Station area. In addition to conducting value-add capex on the building, Ichigo Office can draw upon its operational know-how from owning six other assets in Nagoya City to drive stable earnings.

The existing tenants of the Ichigo Marunouchi South Building satisfy the tenant standard stated in the "Financial Report (*Yuka Shoken Hokokusho*)" (Japanese only) disclosed on July 28, 2022.

Please refer to Section 3 "Details of the Ichigo Marunouchi South Building" immediately below for additional details on the asset's features and characteristics that underpinned the acquisition decision, and the locations of the six Ichigo Office assets in Nagoya City.

## 3. Details of the Ichigo Marunouchi South Building

#### (1) Location

The Ichigo Marunouchi South Building is located in the Nagoya Marunouchi area, a commercial district located north of the Sakae and Fushimi areas, with mid- and high-rise office buildings concentrated along the Sakura Dori Street.

The Marunouchi area benefits from stable tenant demand spanning multiple industries owing to its convenient access to locations within the city via the Marunouchi and Hisaya Odori Stations on the Sakura Dori Subway Line, and its proximity to the Sannomaru area which is home to government buildings including the Aichi Prefectural Office and the Nagoya City Hall.

#### (2) Features

The Ichigo Marunouchi South Building is a mid-size office building located within a 2-minute walk from the Marunouchi Station on the Sakura Dori Subway Line.

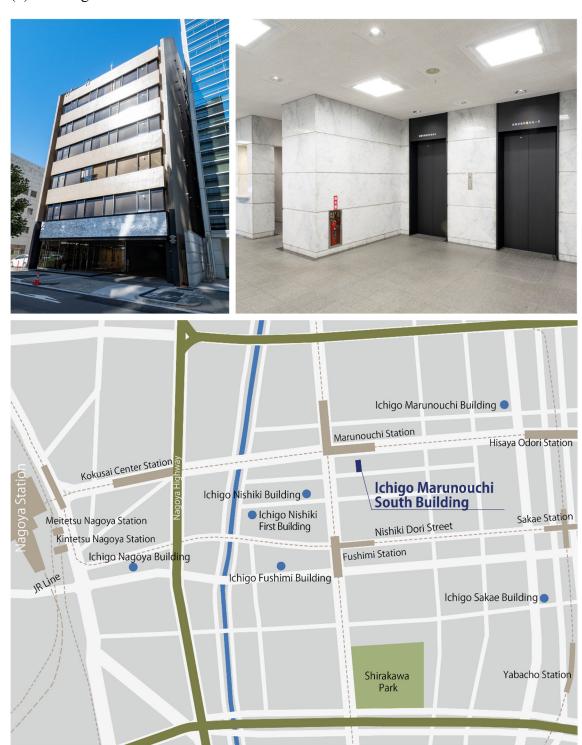

Each floor has a standard floor plate of 88 tsubo (290m<sup>2</sup>; sub-divisible into 5 zones) and a ceiling height of 2.6 meters, and is equipped with zoned air conditioning systems and raised-access floors, thus catering to the demands of diverse tenants.

Current tenants include the Nagoya branch offices of an IT company and a logistics equipment manufacturing company, and a law firm.

<sup>&</sup>lt;sup>3</sup> Acquisition Price excludes incidental expenses such as fees and property, city planning, and consumption taxes.

<sup>&</sup>lt;sup>4</sup> The seller, a third-party Japanese company, did not provide consent to disclose its name.

## **Special Items**

- 1. A memorandum of understanding is in place with the neighbor on the northern border of the building (lot numbers 221-1, 221-2, and 221-3) with respect to rectifying the fence that encroaches into the neighbor's property when the building is scraped and rebuilt.
- 2. Although the building schematic shows that the automated entrance doors should have a width greater than 1.5 meters in order to serve as an emergency escape route to the outdoor staircase, an engineering report has indicated that this is not the case and the seller has agreed to rectify this at its own cost.
- 3. A lease termination notification was received from one of the tenants (leased area: 38.15m²) on June 20, 2022 for an effective termination date of December 20, 2022, after which occupancy is expected to be 82.7%.

<sup>&</sup>lt;sup>1</sup> Names of the architect, builder, structural designer, and inspection agency are those as of the building's construction date.
